

APPLICATIONS AVAILABLE YEAR ROUND

Apprenticeship

Ironworkers

Apprenticeship Outreach Initiative for Rural Alaska

Ironworkers Local 751 accepts applications for apprentices year round and holds interviews four times each year.

To request an application, call:

907-563-4766

The apprenticeship is a 4-year 8,000-hour program that combines classroom and skill development with on-the-job training for the highest quality vocational education.

Ironworkers assemble and erect steel framework and other metal components in buildings, on bridges, dams, stadiums, and other structures. They raise, place, and join steel girders and columns to form structural frameworks, including the welding of metal decking.
